FOR IMMEDIATE RELEASE

Great and Getting Better...

(April 9, 2009 - Braintree, MA) KPM is pleased to announce that, effective this date, it is the Massachusetts affiliate firm of BKR International, a leading global association of independent accounting and business advisory firms. BKR has 135 member firms with over 300 offices in over 70 countries. With executive offices located in New York, London and Sydney, BKR is ranked #8 in the world of associations of independent accounting firms with more than \$1.3 billion in annual fees.

“We are pleased to have been recruited and selected by BKR to be part of its global network of firms,” comments Kevin P. Martin, Sr., KPM’s Founding Director. “BKR allows us to maintain our ownership, autonomy and independence while being provided access to both national and global resources, capabilities and expertise from other member firms around the world, all while still delivering the personal attention and quality service that clients have come to expect from us for over 40 years.”

BKR member firms are exclusively recruited by BKR and selected based upon their reputation, expertise and ability to influence niche markets. Over and above local regulatory accreditation, BKR member firms must meet higher global standards of professional and ethical excellence.

Today, more than ever, it is important to be able to leverage capabilities and resources that go beyond the scope of any individual firm, no matter the size. BKR’s mission is to help member firms manage their practices more successfully, bring incremental value to clients and create future leaders in the industry.

“BKR International is pleased to welcome KPM, one of the largest accounting firms in Massachusetts, into our global association,” says Maureen Schwartz, BKR’s Executive Director. “KPM’s unique expertise in affordable housing and real estate, not-for-profit, film and television and life science industries greatly expands the knowledge and services that our member network can tap into for their clients. Most importantly, KPM shares our vision and commitment to developing great people and providing superior client service.”

So whether your organization has an affordable housing project in Chicago, a film being made in India or Hong Kong, a non-profit school being built in South Africa or a new drug ready for distribution right here in Cambridge...we’ve got you covered, more than ever... and with more resources and capacity than ever before.
